

Agenda for
Conference Call Between
Veolia Environmental Services (Veolia) and EPA

March 8, 2012 (10:00 – 12:00)

Call in: (xxx) xxx-xxxx

1. Introductions
2. Purpose of the call
3. Veolia's significant modification request
 - a. Extrapolation of metal feed rates
 - What is EPA's position on Veolia's proposed extrapolation rates?
 - b. Feedstream Analysis Plan
 - 40 C.F.R. §63.1209(c) requires each subject facility to have a feedstream analysis plan (FAP) "that is sufficient to document compliance with the applicable feed rate limits." What is EPA's position on Veolia's FAP?
 - c. Ongoing enforcement issues
 - As part of an enforcement investigation, the National Enforcement Investigations Center (NEIC) inspected Veolia's Sauget facility in late 2008. How could the findings of that investigation affect EPA's decision on the significant modification request?
4. Other topics as necessary
